

Call For Art

2025 Snow Goose & Birding Festival Poster

Project Background:

In 2024, the Stanwood Area Historical Society brought back the very popular Snow Goose & Birding Festival. Now we are planning for the 2025 festival which will be held on February 22, 2025. We will begin our marketing in November 2024. This festival began in 2006 and has always had a contest to select a local artist to design artwork for the poster. See the artists selected over the years at [Snow Goose Festival Collection](#).

The artist selected will be showcased at the event in the art corridor down the center of the Floyd Norgaard Cultural Center. Art submissions for consideration should be in final form. **There is a \$250 stipend for the artwork chosen by the panel for the 2025 poster.**

The Stanwood Area Historical Society has partnered with the [Stanwood Camano Arts Advocacy Commission \(SCAAC\)](#) to implement this Call for Art.

Project Vision:

The goal of this project is to continue to showcase locally created art for the annual Snow Goose & Birding Festival poster. As in the past, the posters themselves become special keepsake items and add to the creativity of the event. They will also become part of a permanent collection at the Camano City Schoolhouse Archive, many of which are signed by the artist.

Content Information:

Artwork should capture the essence of the Snow Goose & Birding Festival - an event that encourages people to come see why the shores and waters of Puget Sound, surrounding our community, are internationally recognized as crucial habitat for countless birds of sea, shore and land. In addition, this event is designed to support our business community during the typically slow month of February.

Submission Criteria:

- Open to professional, amateur and student artists over 18.

- Teams of artists are permitted.
- Artwork can take the form of ANY medium that can be professionally photographed (photography, paint, fiber, 3D, 2D, etc) **Original artwork will be given to Judy Fernandes at the Stanwood Area Historical Society for the final professional photograph.**
- Artwork will also be resized or cropped to be used on rack cards.
- Uploaded artwork online must not exceed 25 MB.
- Artwork should allow space to place dates and website text over the image.
- If artwork includes photographs of individuals, you must have written consent.

Submission Info:

A link to submit artwork can be found online at www.scaacwa.org/callsforart.

Selection Process and Criteria:

Submissions will be reviewed and voted on by a panel of individuals representing the Stanwood Area Historical Society, SCAAC, local art organizations, and business representatives. The recommendation will be sent to the Snow Goose & Birding Festival Committee for final approval. The committee and the Stanwood Area Historical Society reserve the right to reject all submissions.
